

Dear CS families

As Indoors is coming to the end and we are moving Outdoors, I want to thank all of you for supporting Cleveland Select. As many of you are new to the Club, I do like to run/observe games for all of our teams, as I like to see the teams/kids progression and needs. It gives me and the coach, a very good platform for a conversation. I also firmly believe, that occasionally you as player are better off to be coached by more than one great coach. I do interview and hire all of my coaches, and as all are different, they are very good at what they do and are helping every player, become as good as they can be. There is no better tool to learn the game then watching the International game on TV. Please remember to email your team manager, when you cannot attend a game. It is very Important that we know when players will be missing games. That is the only way we can get organized. The team managers are doing a terrific job, and we need you to communicate with them. At the bottom of the page, you will find the Clubs directory.

Good Wednesday to the Select Family

I wanted to thank you all again for your commitment to Cleveland Select. I also wanted to say how much I appreciate all the feedback I have gotten from you – especially over the past 12 months. I encourage all of you to continue to communicate with me – my door is always open for you. I also wanted to thank all of you that have referred players to Select, our club is defiantly flourishing and the kids are developing quite nicely. I cannot say enough good things about our coaches and their commitment to your kids. Our training program and methodology will continue to evolve (especially with the younger age groups) in order to shape, expand, and refine the skill set(s) of each of our players. The Boys 10U team program was overhauled about two weeks ago and the results have been very positive (nothing like posting victories against two of your biggest rivals).

In my opinion, it is important to have kids exposed to high quality training at an early age (6 -8 years old) regardless of sport, but especially with soccer. If you know of any girls or boys (especially 6-8yrs old) that might be interested, please feel free to invite them to a practice to check out the club format.

This spring we are planning a “skills competition”, details are still in the works, simply this will be a fun day for families to get together and watch their kids perform various shooting, dribbling, passing drills and win some prizes.

Thank you in advance,
Dani

Soccer, ...
... it's in my blood

CS Teams

8 Boys

Coach Dani

Dear U8 boys families, it is very nice to work with the team. The boys are very excited, and have a great hunger to learn. We are still in the process of learning the positions and are always working on the foot skills. This Indoor 2, I will concentrate more on passing and creating passing lanes, as well as building from the back. Thank you, Dani.

9 Boys

Coach Ben

It has been an honor to coach at this club for the past 3 ½ years. This past season I have been working with the U8/9 boys teams. We've seen the teams work very hard over the past season – from Spring to Fall, and now Indoor. The teams continue to grow, which is a great sign

for the clubs organization. We continue to look towards player development, and making sure our players get started off on the right foot (pun intended) to ensure their highest potential can be reached.

Patience is a word we use often with our kids. It is our goal to make sure that our message is not only understood, but also overstood. Through it all, you can see that the boys genuinely enjoy playing with each other, and have become friends on and off the field.

At Cleveland Select, we are family

10 Boys Yellow

Coach Mariu

I was very pleased to see the progression of the players for understanding off passes and combination play for the last games. We will continue to work towards that. Very nice group of kids, that are eager to learn and become as good as they can be.

10 Boys Royal / 9 Girls

Coach Tommy

I have had the pleasure of coaching with Cleveland Select since 2010. I am currently working with the U10 boys royals team and the U9 girls team. The U10 boys have come such a long way from when I first started working with them 2 years ago. Their knowledge of how to strike the ball properly has improved, as well as their ability to beat defenders off the dribble and finish. We continue to work on moving after a pass, positioning (and what role that plays in different areas of the field), and communication with each other while playing. The boys are just beginning to understand and attempt to use their non-dominant foot, which is something that all soccer

It's not how big you are,
it's how big you play.

Nr. 3

players must be able to do in order to be progress in the sport and become great players. I love the attitude of the boys on this team. Win, lose or tie, they keep their heads up and always play with heart. The U9 girls are a brand new team and as such, are very new to many aspects of the game of soccer. Their obvious passion for the game is infectious and, like the U10 boys, their attitudes have remained upbeat despite some tough early losses. Bunching up/spacing and passing and moving have been the two areas we've focused on improving moving forward. I have no doubt that once the girls learn how to play with each other and what each others strengths and weakness's are, they will continue to improve by leaps and bounds. It is truly my pleasure to coach each one of these boys and girls and that is something I both value and take very seriously. Like Ben said, Cleveland Select is a family and I am proud to be a part of this club.

11 Boys Yellow

Coach Ty

The magic show that our u11 yellows put on a weekly basis is a sight to see. This fall they took their foot skills to a whole new level. They tricked, out maneuvered and even embarrassed their opponents this fall to earn 7wins and 1 loss. The ability of each player to perform in one on one situations is attributed to the relentless effort and commitment they give in each practice

11 Boys Royal

Coach Ty

The u11 royals played great this fall season. Posting a record of 5-2-1 they displayed a great work ethic and attention to detail. Coach is extremely happy with not only their results in the games but their attitude towards practice. The new additions to the program are growing by leaps and bounds and will continue to grow.

12 Boys

Coach Ty

All the u12 team did this fall was capture it's first tournament title at the Erie challenge cup. The boys went 3-1 only surrendering 3 goals for the tournament. Their success is attributed to creativity with the ball and extremely disciplined defending. The future is bright for

this group of athletes.

13/14 Boys

Coach Dani

Dear u14 Boys families, we have a great group of kids that work very hard to become as good as they can. I think we can all see the progression of each player and as a team. We are still working on systems of play, and relocating faster in transition. I feel coach Mike Solstis was a great addition to the team, and he is always helping each player to the best the he can.

Thank you, Dani.

15 Boys

Coach Ben

I have worked with this group of boys off and on for the past year. This group posses a great deal of talent and potential. This session they have fared quite well with the challenges of going from 6v6, 7v7 and 11v11 games. They have responded well to the various changes in formation and tactics, and hopefully are learning a lot about themselves and their teammates. I look forward to working with them throughout the rest of their teenage years.

16 Boys

Coach Nick

The U16 Boys come together again with Cleveland Select looking to build upon solid high school seasons. Over the next two winter sessions will continue to focus on increasing the speed of our technical play and identifying solutions to tactical issues as they arise during the game. Despite a few lingering injuries that carried over from the high school season, the boys are eager to regroup as a whole unit in the new year. 2015 looks to be

Newsletter

Nr. 3

promising for this group with the core remaining and with the additional of some new players

17 Boys

Coach Joe

The U-17 boys team at Cleveland Select is a group made up of players who have played together for many years. There have been a few new additions to the team this year that have only added to the quality of the squad. Included in our team are many players who have extensive Varsity experience with their high school teams in the fall. This has provided us with a knowledgeable and skilled group that works very well together on the field. On the field, the team has a few main aspects that they are focusing on this season. Defensively, can we read the game as it is being played around us? We are working on becoming players who can diagnose what our opponents are trying to do and shut it down before they can create scoring chances. Offensively, we are working on combining with teammates in all areas of the field and exploiting match ups that favor us. All players on the field are encouraged to join in the offense and to look to exploit gaps in the defense with hard cutting runs. This has led to our defenders becoming a bigger part of the offensive game plan and has led to some fantastic goals being scored where multiple players touch the ball on the build up to the goal. The team is very hard working one that has a good skill base backing up their strong work ethic. We look forward to seeing what this team can do as we move in the winter and into spring. We believe this team has a chance to show very well in upcoming tournaments.

12/13 Girls

Coach Joe

The U-12/13 Girls Team at Cleveland Select is a mix of new players to the club and a few that have been with Select for a number of years. The focus for the team includes three main areas. First, we are working on instilling a passion and love for the game of soccer. It is a game that can benefit young athletes in a number of ways. Soccer is a game that is meant to develop strong work ethics, but also be enjoyable through the creativity it

requires while a player is on the field. Second, we are focusing on building our individual soccer skills. While, soccer needs a sense of creativity, it becomes a difficult game to play without a good grasp on the basic skills like first touch, passing, and shooting correctly. Lastly, the team is working on becoming just that; a team. We are learning to figure out how we can connect with teammates on the field, and can we take advantage of the space on the field that the opposing team affords us. A big aspect that we are trying to stress with them is looking to attack areas of the field where there are better number match ups. The girls have been very fun to work with this season and are actively trying to learn and improve every training session and game. We are looking forward to seeing how the girls develop going forward

14 Girls

Coach Matt

The U14 girls have had a very good indoor season. Since the start of the season the team has been working on a high press system without the ball, and a calm wide spread possession game when the ball is won. The girls have really shown how well they are learning this type of system with some recent hard fought and well played games. The knowledge of this kind of play, some returning players and the addition of some new talent to an already very strong team could make for a very exciting spring outdoor season.

High School team Girls Yellow

Coach Ben

This is a young group of girls that are learning to break through the high pace, competitive game of premiere soccer! We have set the bar high, and looking for great things from this group in the spring. They have shown that they are focused and up to the challenges ahead. Very proud to be working with this group, and watching them develop.

Cleveland Select Summer Camps

Cleveland Select has grown on the positive environment and coaching it provides to its players. You can now offer this opportunity to your community. Our professional staff is available for summer camps in your community. Please contact us to set up your Summer Camp.

Cleveland select Soccer Camp is directed by Dani Giulvezan, offers the best opportunity to for soccer players who want to improve. The camp is targeted for player development. This fun environment will provide girls and boys ways to become more comfortable with the ball, learn specific skills and exercises enhancing ball control and confidence.

Cleveland Select Soccer Camps are directed by Dani Giulvezan, who says, "I have had the opportunity to travel to many countries in Europe, including Germany, Italy, Portugal, Spain, Austria, Yugoslavia, Sweden, Switzerland, Hungary, and Romania. I have observed how these countries approach their youth soccer programs, and why they have obtained so much international success. I have created a soccer program based on what I have observed and what I know will help your kids become better. This style of teaching and coaching provides the means to develop techniques and habits of a good soccer player."

Every player will receive a Complimentary Camp T-Shirt. Camps will be limited on the number of campers/players; ensuring a proper coach to player ratio. Don't get closed out sign up early!
